SUBJECT: REPORT ON PROPOSED ELECTORAL LEGAL REFORMS

Nairobi, Kenya: Wednesday, October 21, 2020

Review of the electoral legal framework is a fundamental phase in the electoral cycle undertaken by the Commission in readiness for subsequent General Elections. Some of the recommendations in the Report informed the election related bills that are before Parliament.

The Commission informed by its Post-Election Evaluation Report of 2017 Elections, challenges faced during the implementation of the Electoral Legal Framework and consultations with its Staff and Stakeholders, prepared a comprehensive report titled *“Electoral Law Reform Report in Kenya: The IEBC Experience”*.

The report, which has been shared with the Speakers of both Houses of Parliament, can be accessed on IEBC website (www.iebc.or.ke). We urge all Stakeholders to interact with the Report.
