

INDEPENDENT ELECTORAL AND BOUNDARIES COMMISSION

ADDENDUM 3

8th June, 2021

TENDER NO: IEBC/OIT/001/21/2020/2021 - SUPPLY, DELIVERY, INSTALLATION, TESTING, COMMISSIONING, SUPPORT AND MAINTENANCE OF THE KENYA INTEGRATED ELECTIONS MANAGEMENT SYSTEM (KIEMS); AND HARDWARE EQUIPMENT AND ACCESSORIES

TO ALL BIDDERS,

Pursuant to section 75(1) of the Public Procurement and Assets Disposal Act, 2015 the Commission hereby makes an addendum to the above tender as follows: -

NO	BIDDER QUERY/QUESTION OR COMMISSION ADDITIONAL INFORMATION	REFERENCE	RESPONSE/CLARIFICATION
1.	Bidder requested inclusion of "50,000 election or registration related technology devices" in the tender document requirements to allow competition.	Tender requirement on page 70, C Vendor Evaluation, Business Operational Capacity	<p>For purposes of ascertaining operational capacity, it is acceptable if a vendor has experience in supplying electronic voter verification or registration devices in the stated quantities.</p> <p>However, the devices required for this tender must be tablets with the stated minimum technical specifications as has been outlined in the tender document and the addenda. This is to ensure acceptable uniformity with the existing devices.</p>

2.	Bidder sought clarification if the inclusion of Iris Biometrics in the KIEMS device would imply that the Commission plans to roll out a new and fresh voter register taking these additional biometrics of every eligible voter and that would make the old/existing KIEMS devices redundant.		<p>There will be no fresh voter registration but rather incremental/progressive integration of iris biometrics starting with the new kits to be acquired in this tender. Existing voters will not require iris capture for the elections.</p> <p>The Commission intends to reuse the current devices as much as possible to ensure value for money.</p>
