

ADDENDUM 1

DATE: 18th October, 2024

TENDER NO: IEBC/OT/01/2024-2025- PROVISION OF WIDE AREA NETWORK (WAN) INTERNET, SUPPORT AND MAINTENANCE ON A THREE (3) YEAR FRAMEWORK CONTRACT

Pursuant to section 75(1) of the Public Procurement and Assets Disposal Act, 2015, the Commission hereby makes an addendum of the above tender as follows: -

Clarification 1:

On the attached doc item no.7, we need clarification on the details of the site to be migrated and the new locations. We need details such as site names and make and model of equipment and material (if any) to be moved.

Site relocation will occur as and when needed. Where a county office relocates sites, this new structured cabling will be installed, while at constituency offices, a secure firewalled wireless network will be installed. The device model will be shared after filling an NDA with the successful bidder.

Clarification 2:

Confirmation whether the training will be done on-site or off-site.

Training will be conducted in two phases: Onsite at the HQ during the project implementation/Commissioning, focusing mainly on the network and security teams and the second phase will be conducted virtually before the project kickoff session, focusing on the County ICT officers.

Clarification 3:

Confirmation whether all the site visit forms will be signed in the countrywide office locations or at HQ.

The bidder will prefill the attached template (Annex A) below and attach together with the tender documents. The bidder shall commit to delivering a stable and reliable network, with clear consequences as per the SLA and to complete the attached template (Annex A). The commission will use this template to assess the service provider's network coverage and signal quality before making an award decision.

Clarification 4:

A copy of site survey form that will be used in the mandatory site visit.

The site survey form is as outlined in Annex A. We recommend that all bidders use desktop surveys for mapping IEBC sites, however, in the case where bidder conducts physical site visit, the site survey form is as outlined on Annex A.

Clarification 5:

A list of GPS coordinates, names of the locations and nearby landmarks for the IEBC office locations countrywide.

Annex A table below provides the GPS coordinates and corresponding locations as requested.

Clarification 6:

There are existing appliances in HQ Primary and are SDWAN ready (Can we take this into consideration for our proposed SDWAN solution? Or requirement requires new appliance.

The successful bidder shall provide new devices for terminating the SD-WAN in all sites. Currently the Commission has Nokia 5G LTE that are SD-WAN ready at the branch offices. The customer edge routers (PE) and voice gateway is available and need not to be procured at the HQ.

Clarification 7:

Are security licenses mandatory for both HQ Primary appliance and branch SDWAN appliances noting these are internet links.

Yes. Please make sure to factor in all necessary security features, such as firewalls, VPN capabilities, and other protective measures, as part of your proposal.

Clarification 8:

Is it mandatory for Branch SDWAN appliances to support both 4G and 5G LTE(modem)

Yes, it is mandatory. Future centric technologies such as 5G technology is preferable

Clarification 9:

Central management appliance required is it Physical or Virtual?

The Commission is ok with either physical or Virtual central management.

Clarification 10:

WAN (Are we supposed to supply and install equipment as one (LOT 1)

Yes. You are required to Supply and install the equipment.

This tender is not divided into separate lots. It is a single, comprehensive tender where all components must be addressed as part of one submission. We expect bidders to submit proposals that cover all the specified requirements as outlined in the tender document.

Clarification 11:

Internet: Are we supposed to supply internet, payable per month / quarterly or for three years (LOT 2)

This being a three-year tender, payment schedule is agreed as part of the SLA, the Commission prefers quarterly payments.

Clarification 12:

For the purchase of Equipment on Framework, kindly clarify why, this is part of SD-WAN or the Internet. This should be on different LOTS

This tender is not divided into separate lots. It is a single, comprehensive tender where all components must be addressed as part of one submission. We expect bidders to submit proposals that cover all the specified requirements as outlined in the tender document.

Clarification 13:

Under the Public Procurement Act 2022, Amendments 141 sub-sections (1 & 2), a commission to do multiple awards is provided for this kind of work with different services. (Internet is services, SD-WAN is Works, Equipment's) Kindly allow for LOTS in this tender

This tender is not divided into separate lots. It is a single, comprehensive tender where all components must be addressed as part of one submission. We expect bidders to submit proposals that cover all the specified requirements as outlined in the tender document.

Clarification 14:

2.0) Mandatory (tier 1) Accreditation for the Works and services requires three different levels of certification and technologies. i.e. Tier's is for internet providers and not related to other services requested, Hence the request for separation of the three services.

Tier 1 certifications from CA is a mandatory requirement for this tender.

This tender is not divided into separate lots. It is a single, comprehensive tender where all components must be addressed as part of one submission. We expect bidders to submit

proposals that cover all the specified requirements as outlined in the tender document.

Clarification 15:

3.0) Procurement Method Open National Tender Procurement Method Open National Tender. Kindly Clarify The Procurement Method “Open National Tender”

The tender is open to all eligible citizens contractors.

Clarification 16:

Technical Specification Technical Specification (SD-WAN). There is no technical specification provided for the equipment to be procured hence this requires a site visit, customer information on the number of people or traffic required at the branches. It's noted that the branches are of different devices and hence require different sizing of equipment.

The site survey form is as outlined in Annex A. We recommend that all bidders use desktop surveys for mapping IEBC sites. However, in the case where bidder conducts physical site visit, the site survey form is as outlined on Annex A.

About the traffic, from the tender document, the Commission requires 10Mbps dedicated bandwidth across all 338 sites (47 county offices, 290 constituencies, 1 Central Warehouse)

Clarification 17:
